

The state general education institution “Kirov Lyceum of physics and mathematics”

The Lyceum of physics and mathematics is one of the leaders in school educational system in Kirov region. It was founded in 1988 as a secondary school and in 1991 it got the high status of Lyceum. The main aim of the Lyceum is the early detection, training and education of children with intellectual and creative talents.

The Lyceum was declared as the best in education system on the regional and state level several times. About 550 students from 7 till 17 years old study in the Lyceum. The Lyceum has very qualitative educational system and students get high awards on the state and international contests every year. About 40 teachers work there.

EVS volunteer will be involved in free time activities for students. He/she will help teachers to organize common events, festivals, parties. Besides volunteer will help teachers to organize foreign language classes. It will depend from what country volunteer will be. Also volunteer will help to implement children`s and youth`s projects. It can be social projects, scientific projects, study projects. It will depend on the sphere where volunteer is the best. Volunteer will also has chance to help teachers to organize excursions and trips for children and at the same time to see interesting places in Kirov region and in Russia.

The volunteers will have a social role in the Lyceum and be in contact with children. She/he will assist in the daily work in the Lyceum, including administrative and informative tasks.

The primary activities of the volunteers are:

Preparation and realization lessons of non-formal education for children and teenagers;

Participation in the actions and events spent by employees of school;

The volunteers will have the opportunity to create own group of students (patrol), which will be directed on physical and cultural development of children, self-affirmation and increasing of activity of adults;

Volunteer could help students in different activities in the Lyceum museum and Lyceum newspaper;

Volunteer will have possibility organize leisure time, workshops, and game process for students of the Lyceum;

Volunteers will be asked to help active groups at the Lyceum, Students Council and Students Scientific Community in organization of different kinds of events, such as organizing conferences, concerts, festivals;

Also, volunteers will have opportunity to realize their own small projects with help of Lyceum staff;

During the summer holidays in the Lyceum volunteers will have opportunities to work in the international workcamps organized by SFERA.

All the activities will be organized by non-formal and informal educational way.

Volunteers needed: 2.

Dates of the project – 01/03/18-01/01/2019

PRACTICAL ARRANGEMENTS

1. Volunteer needs a visa to enter Russia. According to Russian legislation, with humanitarian type of visa you can't stay in Russia longer than 90 days. Therefore, every 3 months you will have a chance to go back home and see your friends and family while waiting for the new visa. Visa costs and travel are included into budget and these days at home won't be considered as your holiday.
2. You will have a local mentor who will help you to integrate better into local culture.
3. You will receive 100 euro per month for food, 55 euro for pocket money, your transport costs "home-work-home" will be covered, you will have language course of Russian language and strong medical insurance.
4. You will have coordinator in hosting organization who will support you throughout whole project.
5. You'll live in a shared apartment with other volunteers from different countries or in a host family (will be decided closer to beginning of the project).
